PECAN+ Capture The Flag (CTF) is a free, national competition initiative designed to develop and nurture the interest of Australian high school students in cyber security skills and practices. PECAN+ CTF is a collaborative initiative that brings together Australian higher education and vocational institutions, cyber security industry, teachers and students around the aim of raising cyber security awareness, skills and aspirations.

Our goal is to support cyber security curious high school aged students, from diverse backgrounds, in their engagement with cyber security and to foster connections between education bodies, higher education students and the greater cyber security ecosystem.

In a collaborative model, PECAN+ CTF activations are hosted at local TAFEs and universities across Australia, with support and involvement from local agencies, Government and Industry representatives. It is a months long initiative raising cyber security skills nationally, including training and technical workshops, industry and government presentations and practice opportunities to hone skills, before culminating in a final, challenging national Capture The Flag Competition event.

Further, the initiative enables university and TAFE students to develop their technical and cyber skill as they support competitors and create cyber challenges, and it provides forums for connections and networking with the great cyber security ecosystem through the involvement of Industry and Government supporters. PECAN+ CTF is designed to be holistic, different, designed to have something for all and designed to grow the next generation of cyber security talent, with a strong focus on diversity and gender inclusion.

In its sixth year, PECAN+ CTF 2024 saw 92 Teams (over 350 student registrations) compete in Darwin, Brisbane, Canberra, Hobart, Melbourne, Perth and Wollongong.

2025 DATES:

PECAN+ CTF 2025 Training Day (State/Territory dependent): Saturday, 23rd August 2025 (with training opportunities provided around the country in the lead up to Competition Day).

PECAN+ CTF 2025 Competition Day: Sunday, 24th August 2025.
